Learn German With Stories: Momente In MÃ¼nchen â€“ 10 Short Stories For Beginners (Dino Lernt Deutsch) (Volume 4)

Synopsis

In this sequel to "Karneval in K  ln", Dino is making his way into the heart of Munich, capital of the Free State of Bavaria and home of the world-famous Oktoberfest. Bewildered by the Bavarian dialect and trying to get his head around local cuisine and customs, he finally lands a steady new job in a legendary location. But it's only so long before a new acquaintance and the world's largest funfair catapult him out of his everyday routine. Explore the wonders of Munich in the autumn, learn about local sights and sounds, and improve your German effortlessly along the way! This book is designed to help beginners make the leap from studying isolated words and phrases to reading (and enjoying) naturally flowing German texts. Using simplified sentence structures and a very basic vocabulary, this collection of short stories is carefully crafted to allow even novice learners to appreciate and understand the intricacies of coherent German speech. Each chapter comes with a complete German-English dictionary, with a special emphasis on collocative phrases (high frequency word combinations), short sentences and expressions. By working with these âœbuilding blocksâ • instead of just single words, learners can accelerate their understanding and active usage of new material and make the learning process more fluid and fun.

What lovely, charming books these are. Not too easy, not too hard, they provide a distinct thrill when youÃ¢ÂÂre able to read a paragraph at a time without looking in the dictionary for help. Just

perfect for the beginner German student, or any lover of languages.

I have several books by this author. It helps me keep fluent since I haven't anyone to speak with. Well written with everyday words and phrases.

I have all eight books. Great learning tools.

Great series! As a novice German learner these books have been extremely helpful. I just finished the fourth book. I am reading them over and over and I'm learning faster this way than with any other method I have tried. I'm still using grammar books and flashcards and podcasts, but this is by far my favorite way to study. Nice job Andre!

I have been working on learning German for well over a year and spent 9 months there. I want to go back! That being said, I have run into the usual problem of so many people speak some English, better than my German. So it is not so easy to actually practice speaking. These books are fun! The conversations are fairly simple, they are amusing and my vocabulary is getting better. Thanks for writing them!

Fun story with an excellent glossary at the end of each chapter. If I could suggest minor improvements it would be for a longer story and increase in language difficulty the further one reads. Well done!

Well paced - useful vocabulary

These books will boost the confidence of anyone trying to learn German. I love these books. Very simple to read and understand. These are the best books of their kind on the market.
