Not Everyone Is Nice: Helping Children Learn Caution With Strangers (Let's Talk)

Synopsis

Kathy is waiting for her mother outside of school when a strange car approaches. The smiling man inside offers to drive Kathy home, suggesting that her mother may be hurt or sick. Just before Kathy is ready to climb in, her mother arrives and the man speeds off. Kathy is confused and hurt that the nice man would leave so quickly. Later that night, Kathy's parents use examples from nature of pretty but lethal plants and fish to show her that animals and people that look or seem nice may be very dangerous. Not Everyone is Nice teaches children what to do if a stranger approaches and reminds them that looking or acting nice doesn't mean a person is safe.

Age Range: 4 - 8 years

Grade Level: Preschool - 3

Customer Reviews

This is a book that I originally wrote for my own children. It introduces stranger danger through a story told through the eyes of a child. The story raises this subject in what I hope is a not particularly frightening way, yet with a clear message and an opportunity for more discussion - not the end of the discussion on this important subject but, I hope, a good beginning.

Great book for helping kids understand the danger of strangers. Even if young ones don't fully understand the depth of the danger, if they come across a situation such as the one depicted, I am

quite certain they will think about what was said in the book before making a decision such as to get into a car with someone. This is really a must read for all children.

This will be too long to keep my almost 4 year old's attention. I will probably hang on to it until he is 5 and then read it. Still looking for a book appropriate for his age.

This is a good, easy to read book for kids. I read it with my eight year old. I'm always trying to find ways to talk about these kind of subjects. It's a little long which didn't hold my four year olds attention, but still a good conversation starter.

Good book with a story within a story. Easy to read and understand. A good reminder for children that not every person looks like a bad guy.

Great book, real situation that could happen and yet simple enough that my daughter understands it.

Great book on teaching about strangers. It helps kids to understand that even when people appear friendly to never trust a stranger. It also does a good job at pointing out how to properly handle the situation and that there are still good people around us. Very well written.

Good for my son in teaching him to stay away from strangers

Got this for my preschool class to learn about stranger danger. I was a little worried it would be frightening, but they didn't seem to be upset by it. It lead to some good discussions about who is safe and who is not.
