Wonderful songs with activities!

Great for those songs that aren't being taught in some schools anymore. .can easily teach the short little songs to a piano student learning to play with chords

I taught kindergarten, first and second grade music. Movement was part of every lesson. I constantly used this book for activities. It would be good for primary classroom teachers and parents of young children.

So happy to find this gem from my childhood. I am really enjoying singing these songs to my twin boys.

Great

Love the songs.

Lots of memories of the children when they were young, gets value great book. Will recommend it to all my friends, such fun

These are songs to bring smiles and giggles to any children! Adults, too. They are lots of fun! The cute illustrations enhance the book.
