Story Of World War II (Dover History Coloring Book)

Synopsis

The greatest and most destructive war in history, World War II involved gigantic struggles not only in Europe, but in Asia, Africa, and islands of the South Pacific as well. Peter Copeland presents a graphic overview of this historic conflict in dramatic portrayals of air, land, and sea battles, and other major events — from the German invasion of Poland in 1939 to the Japanese surrender aboard the USS Missouri in August 1945. Forty-five ready-to-color illustrations depict exciting scenes from these events: Battle of Britain; Japanese attack on Pearl Harbor; General Rommel's desert campaigns; sinking of the German battleship Bismarck; Battle of Stalingrad; allied invasion of France; Battles of Iwo Jima and Okinawa; fall of Berlin; dropping of atomic bomb over Hiroshima; and many more. An informative caption accompanies each powerful, meticulously rendered illustration.

Book Information

Series: Dover History Coloring Book

Paperback: 48 pages

Publisher: Dover Publications (December 13, 2004)

Language: English

ISBN-10: 0486436950

ISBN-13: 978-0486436951

Product Dimensions: 8.2 x 0.2 x 11 inches

Shipping Weight: 7.8 ounces (View shipping rates and policies)

Age Range: 8 - 14 years

Grade Level: Preschool - 8

Customer Reviews

My 10 year old son is a WWII history buff & requested this for a gift. This is a very detailed coloring book, so make sure the recipient has a set of fine-detail colored pencils for it. We got our son Crayola Twistables Colored Pencils for it, and that does the job.

Good for history buffs or teachers- a different method to get yourself in the mood for learning or the context of the time. Not the best paper I've ever seen (like a lot of Dover books) so I'd break out the

colored pencils and leave your markers for cardstock unless you want to put something between the pages and are content with only coloring half the pictures. If you're ok using pencils and don't mind a war theme this is a good choice.

My dad has Parkinson really bad and they recommended coloring. Not sure if he has tried it but mymom said if he ever would it would be this "Man" book!

Not that many pages and the blank pages in between are unnecessary. Even so, my Dad thought it was a neat idea, though he may never "color."

Not so much the coloring, but the history/research presented therein. Simple, gets the point across without insulting the colorer.

We didn't buy this book planning to color it. It gives plenty of information and great illustrations to follow the action. I have a kid who likes to draw tanks and battles, and with this book, he can look and practice. Good overview book for anyone interested in how WWII played out.

I took a gamble and purchased this coloring book for my 19 year old son for something to do when he gets bored. He absolutely loved it. Great coloring book for children and adults alike.

Bought for my husband so he could fit in with the adult coloring book frenzy. He was stoked to say the least. Pictures are good quality and detailed, not just basic outlines. Also each page has a paragraph describing the events of WWII. A few of the pages seem to have gotten creased during production but overall nicely done. This would be good for anyone from a child to adult who is interested in history and enjoys coloring.
