Detailed and helpful.

Appropriately detailed and very helpful (as long as your copilot does not spend more time looking at the map). GPS is an even greater help!

The size of this map made it quite unweildly as we needed to refer to it while in the car. However, accurate and helpful.

Highest detail map for Normandy, high quality.

Perfect for our seeing an important site on our side trip from The Netherlands.

Great Toto use

Great map but it arrived after I left despite the expected arrival time being several days before departure. By the time we returned from Normandy it was too late to return the map.
