Recreated (The Reawakened Series)

Synopsis

A New York Times Bestseller! From Colleen Houck, New York Times bestselling author of *The Tiger's Curse*, comes *Recreated*, the second book in the epic Egyptian-inspired *Reawakened* series, about a seventeen-year-old girl must literally go to hell to save the love of her life. Lily Young thought traveling across the globe with a reawakened sun prince was a grand adventure. Now she's about to embark on the journey of a lifetime. When Amon and Lily part tragically, he transports himself to the Netherworld—what mortals call hell. Tormented by the loss of his one true love, he'd rather suffer in agony during Lily's mortal years than fulfill his duty to protect humanity. Heartbroken, Lily seeks refuge on her grandmother's farm. Yet she can feel Amon's pain, and she has been having dreams—dreams of Amon continually suffering. For before he departed, Amon gave Lily something very special, an item that connects them even though they are worlds apart. Now Lily must use this object to free him, and to free their realms from darkness and utter chaos. She will do whatever it takes. And don't miss new adventures with Lily in the rest of the *Reawakened* series: *Reawakened* and *Reunited*! Praise for the *Reawakened* Series: "[A] must-read for thrill-seekers and fans of alternate worlds." —RT Book Reviews "Rick Riordan fans who are looking for another series will delight in this fantasy." —SLJ "Wonderfully written and the heart-pounding adventures are topped only by the heart-melting romance." —The Deseret News "A sparkling new novel with a fully imagined world and mythos, and crackling romance! Egyptian mythology has never been this riveting!" —Aprilynne Pike, #1 New York Times bestselling author of the *Wings* series, on *Reawakened*, book one in the series

Customer Reviews

I have always enjoyed Colleen Houck's books! They are so rich in culture and mythology! Especially of cultures I feel less informed about! Her latest, Reawakened series explores Egypt and of course the mystery behind mummies! Recreated is the second installment of the series and follows Lily's journey as she races to rescue her lost mummy love, Amon. We pick up a short time after we left Lily. Amon has died and before he could be judged, ran off to the netherworld. He longs to be with Lily as well, but contents himself with waiting for her to live out her lifetime before they can be together. Which kind of aggravates me on a minor level, because it's like Titanic all over again, go live a full life with love and lots of babies...and then when you die, say screw it to your husband and be with me in the afterlife. But that's just nonsense that aggravates me and really has no effect on my enjoyment of the book, let's move on! Anubis quickly comes crashing back into her life saying that she must go find Amon because he's close to being captured by the Devourer of Souls. As the name lets you know, this is not someone who wants to be best friends! But in order to take on the big nasty, Lily will have to undergo a set of trials to become the sphinx and then transverse the netherworld to find Amon. And so begins yet another action packed journey filled with frights and trials that will keep you hooked in suspense! It's not long before we start to see some familiar faces, I would say about halfway-ish, and really that's just when Asten and Ahmose join her as they travel the terrifying realms of the netherworld. She's also joined by a "spirit" of sorts named Tia who was a lion and long story short, Tia is now apart of Lily and the two share her body. It definitely made for interesting scenarios because there are moments when Lily is in control and then suddenly Tia takes over! Tia definitely has an interesting outlook on life too! It was fun being "inside" her head, of sorts, as she has her own interesting philosophy for life. I'm fairly certain I sensed a possible love triangle last time in this book, one I had hoped really wouldn't turn into anything, but alas, we seem to have a further possible love triangle on our hands. As Lily travels with Asten and Ahmose, she

starts to have feelings of a different kind for Asten. And basically, things get really intense and complicated! The ending, oh that ending! It pretty much killed me because I feel like there are no clear answers. We're given a taste, a small taste of answer, but that's never good enough for me! LOL! I NEED TO KNOW! I need confirmation of what I am thinking what happened really just happened!! And ah!! IT was crazy and insane, which normally I am totally all for! But eek!! Do you realize I now have over a year until the next book?! This is the downside to reading ARCs I tell ya! LOL! Recreated was an amazing and exciting followup to the incredible Reawakened! Colleen Houck is known for (to me) exploring untreaded territory! She brings to life the lesser known mythologies and I always walk away knowing more mythology than I knew before. I love it! I was a huge Greek mythology fan as a kid and now I'm growing fond of learning about these new cultures! Colleen writes in such a fascinating way, that while you may feel like the pacing might be slow or bogged down, but it's really not! It's rich and thick with oddles of storytelling and naturally, all the other wonderful story elements we have come to love from adventure to romance! This is a series that should not be missed! Overall Rating 4.95/5 stars--a teeny tiny bit off the top because I am left sooo discombobulated after that ending! Normally I feel agonized with the waiting and wondering when the next adventure will start. This time, I feel like I'm missing a step of what exactly I am agonized about. But I am definitely still agonized! LOL!

This series becomes more and more adventurous, exciting and interesting. This book focuses on Lily's growth as an individual from the shadows of her parents. She journeyed the Netherworld to get back her lost love Amon along with his brothers with the help from various Gods and of course Dr Hassan. She becomes a Sphinx in the process and a very important person shaping the history of mankind. As usual amazing writing, editing, research and pacing. I want to start the third installment right away but will have to wait as it is highly priced at the moment. I got first two parts at a great rate during the bookbub promo.

In his desire to stay as close to Lily as possible, Amon has turned his back on the afterlife. Instead he wanders somewhere between life and death in the dangerous netherworld. Now only able to speak to Lily in her dreams, their connection grows stronger still. If they could only find a way to be together once again. Lily hasn't been the same since Amon's death. She feels somehow changed forever and her life is devoid of all colour without him. She seeks refuge in rural Iowa somehow believing that it might settle her soul. But when Anubis appears and tells her that only she can save Amon from a fate far worse than death, she knows that

she's in for a fight like no other. She must traverse Lakes of Fire and Mires of Despair to find Amon. Lead by his brothers, mystical creatures and Amon's heart scarab, she embarks on journey of transformation where the very world lies in the balance. Recreated is another unexpected gem from Colleen Houck! After the whirlwind of Reawakened, I wasn't quite sure of where she would take her readers next - and it's so much more than I ever imagined. She masterfully crafts a mystical world where a young girl finds the incredible strength within herself to save the boy that she loves regardless of the consequences. Watching Lily transform from just a privileged New York City teenager to a fierce warrior is as terrifying as it is thrilling. This is her story. The story of her love, the story of her heart and the story of her recreation and it will leave you longing for more.

I am surprised I've been so drawn in by these characters and am cheering them on. I have to admit I was a little skeptical that I was going to like this story after being so drawn into The Tigers Curse Series and loving those characters so much. I do love the action and the determination of our heroine(s) and look forward to seeing how the story plays out. A must read from the beginning story. I was skeptical about this book after reading some reviews...wondering if we were going to have a similar story line as in the Tiger Brothers. I am happy that it's an even bigger twist and I can't wait to see what comes next.

Wonderful second installment to the Reawakened Series, Lily sees no shortage of adventure and romance in Recreated. With as much of the adventure, maybe even more, as Reawakened, Recreated follows Lily's transformation into something amazing and frightening all at once. She will do ANYTHING to save Amon, even lose part of herself. Lily experiences tremendous growth in this book. The brothers are also back, with a little something blossoming with Asten. The end is sooooo Colleen Houck, with a dramatic cliffhanger, leaving you wanting more, more, more! If you are a fan of the Tiger's Curse, and loved Reawakened, you will not be disappointed. I am looking forward to seeing how Colleen ends Lily and Amon's story in her last installment! In the meantime, pick up Recreated and have the journey of a life time through the Cosmos, battling gods, and traveling the Netherworld to free the love of your life.
