German Shortcut: Transfer Your Knowledge From English And Speak Instant German!

**GERMAN
SHORTCUT**

Irineu De Oliveira jnr

Synopsis

"The German Shortcut course is a revolutionary new way to learn German. This is not a complicated grammar book - with this method, it's easy to learn German! My book details simple patterns and how to use them to speak German instantly! So put away the textbooks and learn German the smart way." (Irineu De Oliveira Jnr.) An instant 5,000-word German vocabulary in a book! Learn to translate your thoughts from English to German rather than trying to memorize useless phrases or understand complicated grammar. Speak German instantly by understanding some simple language rules. German Shortcut is a time-saving vocabulary builder and practice workbook for those who need to learn German quickly. It is useful for both the beginner and the person wishing to refresh or increase his or her German vocabulary. About the author: Irineu De Oliveira Jnr is an internationally successful language teacher and translator. Passionate about linguistics, Irineu speaks five languages and works as a teacher in the UK.

Audible.com Release Date: July 15, 2015

Language: English

ASIN: B011QH4SN0

Best Sellers Rank: #82 in Books > Audible Audiobooks > Language Instruction > German

Customer Reviews

This book consists of lists of words that are nearly identical in English and German, usually just by changing the suffix (e.g. "diplomacy" in English becomes "diplomatie" in German, likewise with other words ending in "cy"). The lists are organized by suffix, with a few sample English words, then a long list of German words using the same suffix substitution... usually. The "phy" to "fie" list ended up with mostly "phie" words in German, like biographie, etc. It's interesting to see how many words we basically have in common-hundreds, if not thousands. However, some lists don't translate well, and there is no further definition. Worst of all for learning vocabulary in a language that uses gendered nouns, the words aren't listed with their gender. Just a small (f.) (m.) or (n.) after each word would make these lists infinitely more valuable, because without a noun's gender, you can't

use it correctly in a sentence.

I thought this was a very useful compendium of information on the German language. For someone who has a few months of German at a beginner level, this information is very helpful in quickly making progress in learning the language. I found that in learning a language, vocabulary is the key - grammar is helpful but without vocabulary grammar alone is useless.

Nice points, but I expected more information. It is very short book.
