Quiero A Mi Papa Porque (I Love My Daddy Because English / Spanish edition) (Spanish Edition)

Synopsis

The perfect board book for babies and toddlers to read with Dad!"I love my daddy because he plays with me. . ."This book begins with a heartwarming scene between a human parent and child, but moves on to loving care in many animal families. "He sings me songs," says a gray wolf cub. "He keeps me safe and warm," says a young penguin.Â Â Children will love reading about how baby animals spend time with their dads, and daddies everywhere will love celebrating Father's DayÂçâ ãâ •or any occassion!Âçâ ãâ •with this adorable gift from their little ones.

Customer Reviews

Laurel Porter-Gaylord is an artist as well as an author.Ashley Wolff is the creator and illustrator of many popular picture books.

we have both the mom and dad versions of this book. they are different. i was afraid the story would be the same in both but one says mom and one says dad. but there are different reasons to love mom and dad in each book. it is a board book so great for my toddler. we love that it has both languages so either my husband or i could read it to our son without having to buy 2 books as we do with so many others.we also like all the animals in the books. it tells you what each animal is called its baby version, e.g. cub. so you can use the book in a variety of ways with your child, e.g. read it, teach the animals or ask him/her to point animals out to you.

We have several Spanish books for my daughter. This one is not my favorite. The illustrations are a bit dull and it doesn't hold my daughters interest. Maybe it will be better once she gets older. I do love that it has the Spanish and English translations.

I'm a brand new daddy to an 8 month girl. Although she's too young to fully understand the words/story, I read it to her several times a week. I'm a native Spanish speaker, first generation born in the USA from immigrant parents. I've often heard that by the 3rd or 4th generation, one has fully assimilated into the new culture, thus effectively minimizing whatever cultural traits their ancestors passed down, most often including language. Spanish was the language spoken at home growing up and as children of immigrant parents do, I assimilated while retaining much of my parents culture. I made a personal commitment to further instill my parents culture that I grew up with to my daughter. This book is a small but useful tool in doing so. Not only does it do so in the obvious fashion of being in Spanish, but also with slight cultural cues in the importance of the paternal figure. In Latin culture, the father is both respected and loved dearly. This affection is strongly reflected in the book; I love my daddy because he protects me, I love my daddy because he plays with me, etc. I have highlighted the above, so those of you whom are native Spanish speakers take advantage of it as well.

Great book Wonderful pictures, keeps my 13mos engaged to the fullest

Whichever language you speak, Spanish or English, both are on each page. The pictures are sweet and show so many ways that a father relates to his offspring. For example the howling wolf 'sings to me', the beaver 'knows how to build a house', the penguin 'keeps me warm'. There is a wide choice of animals and their kits, cubs, cygnets, and others you might not be familiar with.

this is a beautiful book! i got this for my husband on his first fathers day! its a great way to learn and hear to your kids in Spanish! my sons love to read it with him, its full of different animals and lots of love! its a great gift idea for the whole family! i have purchased this for my friends and family and take to every baby shower!

This beautiful picture bilingual picture book includes various animal fathers and their young. The illustrations and most of the text is different from "Quiero a mi mama porque". All the animals are

labeled in English and Spanish and their associated behaviors are accurate, as verified by animal experts. I understand what one baby prefers does not mean all will; my son enjoyed the pictures from 10-13 months, his current age. I enjoy that this book includes fathers, as I'm sure my husband does too, and that I am learning more Spanish.

This book gives my husband the opportunity to really connect with my son. Although simple, it's full of educational insight, as it shows animals that are typically not featured in other children's books, therefore, expanding the vocabulary of the audience (both in English and Spanish). It's sweet, describing various unique things that make you "love daddy". We have a bilingual household, so by reading it in English, it also gives the opportunity for my baby to interact with others who love the book and may not speak Spanish (and vice versa).
