Betrayed & Blessed: The Viscount's Shrewd Wife (Love's Second Chance Series Book 6)

Synopsis

One night, he saved her reputation. Now, she is determined to save his life. Tristan Turner, Viscount Elton, is haunted by a night he cannot remember. After his parents' untimely demise, he has done his utmost to live up to his family's expectations. However, despite his best intentions, his reputation is far from respectable. Weary of a life he cannot escape, Tristan wishes for nothing more but a wife who knows the best and the worst of him and loves him nonetheless. However, so far he hasn't had any luck finding the woman of his dreams among the ladies of the ton. Until the night of the Earl of Radcliff's mask ball changes everything. Elizabeth "Beth" Walker is faced with a terrible truth. Upon her mother's death, she learns that her life began far away from the simple, hard-working existence she's always known. Determined to discover the truth of her mother's past as well as her own, she finds a position in the household of the Earl of Radcliff only to discover that often people are not who they appear to be. Before long, Beth's priorities shift as the future suddenly holds more sway over her than the past ever could and her heart leads her down a different path. Will Beth uncover the reason for her mother's silence? Will Tristan live long enough to find the woman of his dreams? In a world where a privileged upbringing is not always what it seems and simple joys can outweigh high social standing, two people must face their past and determine who they are on their own apart from the lies their parents forced on them. *Although certain characters appear in multiple books, 'Betrayed & Blessed - The Viscount's Shrewd Wife' can be read as a stand-alone. However, in order to avoid spoilers, I'd advise against reading them out of order. Love's Second Chance Series#1 Forgotten & Remembered - The Duke's Late Wife#2 Cursed & Cherished - The Duke's Wilful Wife#3 Despised & Desired - The Marquess' Passionate Wife#4 Abandoned & Protected - The Marquis' Tenacious Wife#5 Ruined & Redeemed - The Earl's Fallen Wife #6 Betrayed & Blessed - The Viscount's Shrewd Wife (coming September 12, 2017)#7 Deceived & Honoured - The Baron's Vexing Wife (coming 2018) More to follow! Customer Reviews

This is one of my favorite series. I'll start about by saying that this book can certainly be read as a standalone. If it's your first book in the series, I encourage you to go back to the beginning. Although I have read each book as they have been published, I have promised myself that someday I will read them in order, without interruption. Yes, they are all that good, this one included, to re-read again. Beth grew up with a loving mother. They both escaped a mean and abusive father and husband when Beth was young. Tristan and his sister grew up under the watch of their mean spirited uncle after their parents died when they were young. Beth is strong and wants to know more about her birth after finding a mysterious letter in her deceased mother's belongings. Tristan fears going mad like his deceased father. They are destined for each other. With her words, Ms. Wolf makes the reader feel the heartache and angst of each of these characters. I truly wanted Beth to get her happily ever after and I wanted Tristan to realize he could love and find happiness. From the opening words, I was instantly drawn into the story. Like all of Ms. Wolf's other books, once I started the book, I could not stop until The End. There were twists and turns along the way to the conclusion that held my attention on every page. I highly recommend this book and the entire series.

Tristan Turner, Viscount Elton, lost his parents when he was young. His uncle took over care of his sister and him. But he abused them. Elizabeth Walker's mother died recently and she found out, they were not who she thought. She went looking for answers. The characters are amazing, the

things they go thru in this story, may make you feel uncomfortable. There are plenty of lies, danger, intrigue and even a couple of murders. There are some twists to the plot but the author has managed to, again take a delicate subject and turn it into something marvelous and treated it with great care. It is consistent, smooth and well paced. I loved the tale and was so glad I was given a chance to read it. I was given this book by the author and I voluntarily reviewed the book.

I received a free copy and this review was given freely. Betrayed & Blessed is a well written full length clean Regency Romance which has it all. Tristan and Elisabeth rise above family abuse and treachery to form a happy and loving marriage. Tristan's Sister Henrietta and her husband Connor's mad journey, to save Tristan, is continued in the end of this novel. The Dowager/Grandmother is a strong woman who is not afraid to give her opinion and is skilled in subtle manipulation and insults. Hints are given regarding who I think will be the next couple in the series. And of course, the happy ending.

Betrayed and Blessed is a lovely read that brings Beth back to London after escaping as a child from an abusive father. What Beth doesn't remember is the "why" of her life alone with her Mother and when she arrives in London, she is hired as a maid. The backstory is well written in the beginning so that we understand more about the history of Beth and Ellen than Beth does. We watch her look for answers and find a man she is irresistibly drawn to. We also learn about the foggy past of Tristan. He is in a very rocky place in his life and when he is drawn to Beth he struggles to move forward. This book shows how the past can cause grief and torment even years later. It also shows that there is the possibility for broken people to find happiness if they work at it. Another fantastic book by Bree Wolf. I have loved every one of the books in this series. They just keep getting better and better. Another 5 stars from me for Betrayed and Blessed.

Bree Wolf is an outstanding author. Her books are always an excellent read with delightful characters who have very real problems that I as a reader, can relate to, and empathize with. The story line is well-thought out and the characters are very well-developed. This book delivers all of the above. I really enjoy reading her books. Keep up the good work, Bree.

Short review. Another wonderful edition to the Love's Second Chance series. The chemistry between Tristan and Beth is full of so much passion and love, it's easy to see why they are instantly drawn to each other. I admired Beth's resolve to not give up fighting to free Tristan from the hold

that those who meant to do him harm had on him, both her and Derek are the type of people you want in your life. I felt so bad for Tristan, all he wanted was to be loved by his family and to not be seen in the same bad light as his father. His struggle to see the truth and release himself from the hold of manipulation by those he trusted most was moving, luckily for him he had two people in his corner who were willingly to stand beside him and fight with him for control of not only his life but his happiness and love.

Wow this author is just getting better and better . I have the whole series from book one to six what a treat can recommend it to anyone who love's n.a. good book can't wait for her next book just love her work and so will you if you read her work

Another wonderful story by Bree Wolf. There is so much depth and personality to her characters it is impossible to not become totally engaged in their lives, loves and trials. Our heroine Beth, in this story, is such a strong , caring woman. I loved how she persisted in proving her love and worth to Tristan, never giving up on him and restoring him out of his brokenness. Truly heart rendering!
