Soup Of The Day

Synopsis

This revised edition of the 2012 best-selling title features 100 new seasonally driven recipes and a selection of new full-color photography. This well curated collection of recipes offers a delicious soup for every day of the year. Soup is often thought of as comfort dish for cold weather, Soup of the Day showcases how diverse soups can be. From light gazpachos to hearty chowders, cream of tomato to chicken noodle, vegetable-lentils to steak and potatoes, there's something to please every palate throughout the year and plenty of full-meal soups for easy dinner solutions. New recipes include: Creamy Cauliflower Soup with Crispy Pancetta & Gremolata, Creamy Brussels Sprouts Soup with Maple Bacon, Indian-Spiced Parsnip Soup with Grilled Naan, Mac & Cheese Chili, Tofu-Kimchi Stew, Mushroom, Leek, Wheat Berries & Shrimp Soup, Snow Pea Consommé with Cheese Tortellini, Caramelized Leek Soup with Blue Cheese Crumble, Lamb & Chickpea Chili with Cumin Crema, Carrot-Gruyere Soup with Brown Butter Croutons, Asiago-Stout Soup with Caramelized Spicy Pears, Ramen with Roasted Pork & Soft Egg in Spicy, Soy Broth, Clam & Celery Root Chowder, Cream of Black Bean Soup with Roasted Poblanos & Cotija, Cheese Provençal Chard Soup with Lardons, Ginger-Galangal Broth with Chili & Chicken, Meyer Lemon & Potato Soup, Tomato Tarragon Soup with Fennel Croutons, Grilled Asparagus & Green Onion Soup with Poached Egg, Corn & Spinach Chowder with Avocado. The recipes are categorized by month of the year and laid out in an easy-to-follow, calendar format. The monthly calendars highlight the season's best ingredients to bring you fresh and delicious flavor combinations all year round.

Customer Reviews

Strange, but the Kindle edition I got had nice color pictures for some of the soups, but not all! Only had pictures for maybe 20% of them. The earlier edition of the hardbook that we saw had pictures for every soup. I redownloaded the book, and was the same.

Without question, this is my new favorite cookbook. But, I offer a warning to others...if you don't like variety and if making decisions is difficult for you then please go buy a can of Campbell's or a bag of Bob's Red Mill 13 Bean Soup. There are 365 soups in here and a sense of adventure is REQUIRED. This book is for people who enjoy cooking and feel a sense of accomplishment when they build something wonderful from scratch. However, even if you aren't good at making decisions, just make the soup that has already been assigned to the day - problem solved! What I really enjoy about the book is it has taken me out of my comfort zone. We have 4 children and as many large families already know, getting into a routine (e.g. Spaghetti every 3rd wednesday, fish sticks & mac 'n' cheese Fridays, etc.) is sometimes necessary to maintain your sanity. However, everyone needs a little spice in their life! Since most of the recipes call for fresh ingredients, making these soups as a spur of the moment decision is probably not the best idea. Now, chances are you can find a soup in the book that fits whatever is already in the pantry/fridge. But, you may not find a soup that you're in the mood for and not having the right ingredients on hand will just lead to frustration. What I've been doing is picking one soup per week to make and placing it on the calendar. I plan my shopping trips accordingly and wait in anticipation the whole week! I usually don't find reviews to be helpful when they state generalities like, "There aren't enough pictures" or "There aren't enough vegetarian options"...this is all a matter of opinion. Here are some details about the book that you might find helpful: * I counted 85 pictures in there...most of which are full page pictures * More than 70 soups are vegetarian as written; a good deal more can be made with meatless alternatives such as a vegetable broth vs. chicken stock or just withholding the meat ingredient altogether * The soups are indexed both by ingredients and by type (e.g. Stews, Pastas, Chowders, Chilled, etc.)

I bought this for my wife for Christmas in 2012. She's a great cook and has loved this book. We have had approx. 12 of the soups/stews so far and approx. 10 of them are recipes she'd do again. You can do 1 a day, but if you're like us, you'll pick and choose (easy to do with the book's organization) and modify to meet your tastes. This book has been great to get new ideas and has become her go-to book for a hot meal on a cold evening. Highly recommended.

A soup-er Christmas present for someone who loves to assemble soups. Organized by seasons, so you can find ideas comparable with the temperature and available local produce

i bought this as a gift for my sister, who likes to cook, especially soup. she really likes the book because it has given new ideas for soups and she adds her own ingredients to suit her taste.

I've tried several soups this past month since receiving the book. Each has been flavorful and just right. There are a huge variety of recipes from complicated to simple, from interesting ingredients to standard ones. This is now my go-to book for soup recipes.

We have had some of the soups in this book and so far everyone of them has been very tasty. I will really enjoy this, this summer having cold soups on my deck along with our bbq's. If you ever wanted a big variety this is the book to get.

This book is really beautiful. There are stunning photos and great recipes. Really happy with this purchase. Great cook book.
