I enjoyed Wild at Heart and used it to teach a small men's class. It literally was a God-send for us as we began to understand God's purpose for us as men. Things we felt and experienced was put into us by our Creator! This book put everything together for us to help us understand our role. Great read!!

Great

Great!

I find an amazing amount of very technical and relevant information in bible/Christian based material on sex and relationships. This book did not disappoint me in this respect. I do not consider myself a Christian and I am more of an agnostic although I believe in a higher power, but I still found this book quite enlightening.

Our small Men's Group uses this video series to initiate conversation about the book Wild at Heart which we are reading in parallel. I find that our discussion is much longer than it was when we didn't have the video. In fact, that is my only negative point, we don't have enough time to go through every question or point to ponder (and this is with only 4 men).

Great study guide along with DVD series!

Great guide to leading this study.
