Customer Reviews

"This book was a truly great read. The way the book is written ensures that all key aspects of periodontology and implantology are covered, while the content remains concise and to the point. The use of highlighted tables allows the reader to remember key information within the text, such as the clinical features of both chronic and aggressive periodontitis, with comparisons between the two types for easier differentiation. I found the use of case reports with clinical pictures to be very useful as it helped visualise and conceptualise the information and also allowed the reader to apply the information to clinical situations that many arise in his or her career... I would recommend this book

to any undergraduate student, as I think it would truly help in their studies." British Dental Journal, January 2014

Francis Hughes is Professor of Periodontology at Kings College London, and Honorary Consultant in Restorative Dentistry at Guys and St Thomas NHS Trust. He completed his undergraduate training at Guys Hospital in 1979 and then carried out his postgraduate clinical and research training at the London Hospital Medical School and as a Postdoctoral research fellow at the University of Toronto. He was appointed Honorary Consultant in 1992 and to the Chair in Periodontology at Barts & The London in 1999. He took up his current position at KCL in 2009. Francis has an international reputation as a researcher and lecturer. He is past president of the British Society of Periodontology and of the Pan European Federation of the International Association for Dental Research. He currently sits on the executive of European Federation of Periodontology as Chair of Europerio 8, London 2015. He has served on the Editorial Boards of Oral Diseases, the Journal of Clinical Periodontology, the Journal of Dental Research and Journal of Periodontal Research. Kevin Semour is Professor of Periodontology at The University of Manchester where he is Director of the MSc programme. He is on the General Dental Council Specialist Lists in Periodontics, Prosthodontics and Restorative Dentistry and has over 20 years experience of teaching Restorative Dentistry and Periodontology to all groups of students; undergraduate, DCP and postgraduate. In addition to his various academic appointments, Kevin ran a specialist practice limited to periodontics for many years in North London. Wendy Turner is a Specialist in Restorative Dentistry and a Consultant at the The London School of Medicine and Dentistry where she is also Centre Lead for Adult Oral Health. She is a Fellow of Dental Surgery from the Royal College of Surgeons and completed the Specialist Training programme in Restorative Dentistry in 2004. Wendy is on the General Dental Council list of recognised specialists in Periodontology and Restorative Dentistry. She has an active role within the British Society of Periodontology and has sat on the Council for the last three years. Wendy is also a passionate academic and has been actively involved with the training of hygienists, dentists and periodontists for over 10 years. Shakeel Shahdad is a Consultant and Honorary Clinical Senior Lecturer in Restorative Dentistry at The Royal London Dental Hospital. He is a specialist in Restorative Dentistry, Periodontics, Prosthodontics and Endodontics. He qualified in 1992 and attained a Master's degree in Restorative Dentistry from the Queen's University of Belfast in 1995. Subsequently he worked and trained at Morriston Hospital, Swansea; University Dental Hospital, Cardiff; and in Dubai where he worked for Emirates Airlines. After returning to the UK he completed his specialist training at Newcastle Dental Hospital in April 2005. Apart from the

specialist restorative treatment, his areas of particular interest include implant dentistry and management of complex restorative cases. He is the Clinical Lead for postgraduate implant training at The Royal London Dental Hospital and the Institute of Dentistry, Queen Mary's School of Medicine and Dentistry. He also runs a Specialist Restorative practice in the West End of London. Francis Nohl is a Consultant in Restorative Dentistry at Newcastle Dental Hospital and Honorary Clinical Senior Lecturer in Restorative Dentistry at Newcastle University, UK. He trained in medicine and dentistry at London University before undertaking postgraduate training at the Eastman Dental Institute, London, and Newcastle University. He took up his consultant post in 2000. Francis leads the implant team in Newcastle and is responsible for service delivery and clinical training in surgical and prosthodontic aspects of implant dentistry. He lectures widely on implant dentistry and is Degree Programme Director of the postgraduate training programme in Clinical Implant Dentistry at Newcastle University.
