P.I. Bear (Return To Bear Creek Book 7)

Synopsis

Bear shifter, Lia Rivers, is on the run. Falsely accused of theft, she arrives in Bear Creek with plans to disappear into the mountains for a few weeks. Instead, she takes a job at the local newspaper. There she meets Sam Spencer, a private investigator, who threatens to make her go weak at the knees, and a few other places. However, she hates the idea of putting him in danger and keeps the truth from him. But her past is threatening her future, and Lia begins to understand that to be truly free, they will have to work together to figure out who set her up. Sam Spencer loves his job as a private investigator. Helping people is what he does, even if the pay isn't great. Yeah, he's got a soft spot for those in need. He has an even softer spot for the woman who just entered his life. So what if she attacked him with a broom, whilst screaming like a banshee! She is his and nothing is going to change that fact. Not even the secret she is hiding from him.

Customer Reviews

Lia has problems from her past that has to stay in the past, and she has no clear idea how to solve the problem and clear her name. In walks Sam a PI whose trying to quietly check on a napping

friend when out of nowhere a broom starts hitting him.

Yup a shrew...lol This was a great read. Mystery and so much humor I laughed a lot. As always great to read about the characters in Bear Creek.

I really liked the H and was glad to see him with his mate. The h was good. Not too much drama, just enough to make it exciting.

I truly enjoyed myself with P.I. Bear. Sam and Lia's story is straightforward, no hidden issues to jump out at them, no denials of who and what they are to each other. Even the reason that Lia is hiding in Bear Creek is not drawn out once they acknowledge that they are mates. It's brought out, talked about, a plan made to resolve it and dealt with. Yes, there is a mystery to solve, plus an additional side mystery that they both get involved in solving but it simply is a problem, a couple that deal with the problem and then go on with their lives happily. I love twists and turns and surprises as much as the next reader, yet sometimes it's refreshing to have a very "this is it" type of story that is all the more realistic for that straightforwardness in delivery. We get a chance to catch up with a few of the characters we know and love. It's always fun to have Fiona drop by any gathering. There are a few chuckle worthy moments on that side mystery as well. I'm wondering now if we'll get the chance one day to learn more about that neighboring "cougar" town. It sounds very intriguing indeed. In all, P.I. Bear is a fun, sexy story with a bit of a mystery and you're going to do some eye rolling at that reveal, as well as giving in to some ironic laughter. I enjoyed myself, had fun with Sam and Lia, and now I'm waiting for one more story. I don't really want to see this series end, but I've loved every step of the journey. So, at least one more story to go, and I'm looking forward to that one. I'd recommend this story and the entire series to any Paranormal Romance or Shifter Romance reader. You'll find a good story, interesting characters, sexy times and the chance to catch up with old friends. Everything I look for in my Shifter Romance reading. I read this title through my Kindle Unlimited subscription.

P.I. Bear is the seventh book in the Return to Bear Creek series. In this book, our favorite private detective, Sam, meets his fated mate, Lia & she discovers her new mate is literally a big softy of a

bear. Sam is a PI with a heart. He can't turn down anyone looking for a lost loved one whether they can afford to pay him or not. He knows what it's like for someone you love to go missing. In fact, he went to the Bear Creek News office in order to place a missing persons ad when he found his fated mate, Lia. Lia is on the run. Someone has framed her for theft & now they're after her. She doesn't want to involve her newly found mate but can't help wanting to be with him. Once Sam has learned her secret, there's no stopping him from finding out what really happened & clearing Lia's name so they can start their new life together. PI Bear is another nice addition to a great series. The main characters are likable, engaging & a good mix of softness & strength. I was a little confused about the villains' motivations & MO. Some of that part seemed a little rushed & not quite explained enough for me, but that didn't keep me from enjoying the story. All in all this was a fun read for a cozy evening.

I have been reading Harmony Raines for so long and am in love with everything she has ever done and this book is no different. You have Lia who is a bear shifter running from her old boss who she believes is framing her for stealing and she does not understand why. Then we have Sam who also a bear shifter that is a Private Investigator who likes to help people when ever he can. When they meet it's fate not only are they mates but Sam wants to help Lia if she will just trust him enough to open up. Read this book and see if they can solve the mystery haunting Lia, and even see how they solve one of Sam's cases together and bring a brother and sister back together. This book is full of Mysteries and even a shrew to mix things up a bit. I promise you will enjoy it as much as I did. I received an ARC copy of this book with the option to leave a review.

A AWESOME DELIGHTFUL READ by one of my favorite author Harmony Raines , she writes a strong structure storyline and well developed characters in PI Sam Spencer and Lia Rivers , secretary at the BEAR CREEK NEWS paper and supporting characters in Bear Creek in exquisitely brilliant well written story . What is Lia running from , who is looking for her? What is happening in Cougar Ridge? The story is drama hilarious rom-com adventures emotional roller coaster provocative captivating sizzling chemistry mystery suspense action strength of character and captivating from start to finish . I love and recommend this book to everyone . I can't wait for the next book in this series . Who is next ? I voluntarily ARC for honest review .

This story is about envy, jealousy and bad judgement on the part of a person that is as crooked as

they come. A fantastic Secretary notices how her boss is taking his wife for granted and decides to help her boss be a better husband by taking his wife places, and buying her gifts. Instead of the wife appreciating this, she thinks it is a cover up for an affair and she sets the Secretary up for theft. Needless to say that the culprit will be found.
