About rabbit trainer Bernice Muntz Bernice Muntz is one of the Netherlands' renowned animal trainers. She is regularly called upon to advise veterinarians as well as the staff of animal asylums (shelters). She has done workshops and lectures in Europe, as well as overseas, to the general public as well as veterinarian students. She has appeared on a number of television programmes, sharing her tips for training animals and demonstrating all they are capable of. Following her studies to become a Behavioural Counsellor for dogs she continued her professional development at the IDTS (International Dog Trainers School) in England and set up and run her own dog training school. She is a certified SATS Trainer and works with a wide range of animals, such as badgers, sheep, birds, cats, dogs, rabbits and guinea pigs, to name a few. For Bernice, training animals is about strengthening the bond between the animal and its care-giver/owner. "As the owner learns to understand their animals better, the animals themselves are physically as well as mentally stimulated. The improved communication between them results in a bond." Furthermore, according to Bernice, it is also important that the animals learn behaviours which will enrich their lives. A potty trained rabbit can roam around the house or garden enclosure, have more freedom.

Customer Reviews

At first, High five with Your Rabbit by Bernice Muntz, appears to be a book about training rabbits to do tricks, but it is so much more! She has great care tips, nutritional information, a safe method to bond rabbits, and a fascinating way to communicate with rabbits (SAT method). I think the SAT method is a great approach to bond and/or train all rabbits, and especially rescue rabbits. It has personally helped me bond, care for, and train my rescue rabbit with trust issues. Plus, you will have much fun learning agility, trick training, and rabbit dance with your companion rabbit. I highly recommend it! If you like this book, you may also like the book Getting Started: Clicking with Your Rabbit by Joan Orr and the DVD Bunny Training 101 by Barbara Heidenreich.

I have'nt finished reading this book yet but of all my Rabbit books. This and Rabbits for Dummies are my favorite. Real life info you can use. Easily understandable. LOVE THIS BOOK.
