Quilts For Beginners: Learn How To Quilt With Easy-to-Learn Quilting Techniques, Plus Quilting Supplies And Quilt Patterns

Synopsis

Make Your First Quilt Today! Newly revised and expanded, with nearly 10 pages of new information, this easy, best-selling guide for first-time quilters will have you quilting--and loving it!--in just a few hours. Includes a step-by-step guide to the basics of cutting, sewing, quilting, and binding a quilt, plus three fun and easy quilt patterns with complete photo instructions. Experienced quilter Felicity Walker shows you exactly what to do, with lots of photos, shortcuts, and simple techniques that make quilting easy and fun. It's easy to get started. Choose one of the three easy-to-make quilt patterns and just follow the instructions. Here's what you will find inside the book: * Brief history of quilts and overview of the most popular types of quilts * Overview of quilt fabric, batting, threads, and essential quilting tools and supplies * Step-by-step guide to the basics of cutting, sewing, quilting, and finishing your quilt * Three complete quilt patterns: Quilt-as-you-go table runner, Rail fence lap quilt, and Double four-patch baby quilt * Step-by-step photo instructions for all three quilts

A great first quilting book, written by a quilter with more than 20 years of experience. Get Quilts for Beginners now, and you could be finishing your first quilt in just a few hours. Amaze your friends and family members with your beautiful new creation! Scroll up and Look Inside before you buy.

Customer Reviews

Felicity Walker loves quilting. Even more, she loves sharing the knowledge she has gained in nearly 20 years as a quilter. Even after making hundreds of quilts, she still thinks of herself as a beginning quilter. She is probably not ever going to enter a quilt in a national show or win prizes for her fancy stitchery, but she loves fabric and enjoys making easy quilts for her friends and family. She is always looking for and writing about simpler and faster ways to quilt. Felicity has written several

popular books for quilters. She is a regular contributor to the quilting blog Quilter's Diary.

I bought this book because I wanted to start quilting and so I could get a basic understanding of the quilting process. This book has been excellent! I did a table runner using the quilt-as-you go method and I just finished my first basic quilt and am now ready to start on another one. The author presents all of the data in an easy to read short book and she includes patterns to try. Overall it is an excellent book to start quilting!

Felicity starts with the basic materials - and thoroughly explains each one of them. She explained WHY I need a 1/4" foot. I like the size of the book, and I knew as soon as I opened it, I had really gotten the quilting book that I had been looking for all along. I am starting a quilt today. This is a GREAT book. If you know ABSOLUTELY NOTHING AT ALL about quilting, but want to learn - THIS is the book for you!

I am new to quilting (well, since I don't piece-quilt, I call it blanket-making), and after my first blanket, I knew I could use some help with technique. For my simple needs (lots of experience sewing), I found this book to be just the ticket. Short, to the point, well organized, and filled with tips that anyone can benefit by. In particular, I found the information on assembling the quilt to be a treasure beyond description. Where I had been pinning the layers together and machine basting, the author suggested using basting spray. OMG, what a difference both in time and ease! Where I had struggled before, I was able to breeze through the quilting process. This is just one of the tips that makes this book worth every penny.

I love the flow of the writing. It feels as if the author is sitting next to me, which is the best way for me to learn. As I read, it all seems possible, and I feel like heading straight to the fabric store. Other instructional writing, I tend to skim over rapidly without absorbing much of the material. I highly recommend this book for beginners. Thank you, Felicity!

I've already made one of these quilts. Instructions are simple and the results are very nice. I would recommend this book to someone who just wants to get started quilting. It is easy to understand and gives all you need to complete your first quilt. Brenda Williams Waterford, PA

I love that the instructions are very clear and detailed in a step-by-step manner that makes it easy

for a novice like me to follow. I am clearly a novice when it comes to machine piecing.....I have been hand piecing for several years but never seem to get a top completed, much less quilted and finished. It just takes too darn long to draw all of the pieces, then cut them, then piece them together to make a block, then sew the super long sashing and corner post units.....I want to learn to machine piece so that I can actually finish a top that can then be quilted by a long-arm pro.

I must say.... this is the best book on quilting if you are a beginner. Felicity makes it so easy and explains everything in simple terms. I have learned more from her book than I did taking a class. I highly recommend this book to beginners. If there was a hundred stars Felicity would get them!!!
Thank you so much!

I'm a beginning quilter. Have been the only beginner in the beginning quilting classes and been very frustrated. This book has really been beneficial to my learning curve.
