Essential Alfa Romeo Giulia & Giulietta Coupes & Spiders: The Cars And Their Story 1954-95

Synopsis

Alfa Romeo sports cars have been made in many permutations since 1955. This is a guide to the marque, analyzing individual models, explaining their evolution bringing in related sports-racing models, and the model that started as the Duetto in 1966 and expired as the 2000 Spider Veloce in 1993. Part of the "Essential" series on classic cars, this book also provides complete specifications, performance data, production changes and competition history.

I'm a fan of Alfa Romeo, though I've never owned one. Maybe that's why I like the car so much! Anyway, this book is helpful for novices like me. It sorts through the dizzying array of Alfa terms, models, years, equipment, etc. No, it's not perfect, far from it. But it's a big help at getting the basics.

Contains 120 foto', 60 in color. 80 pages, production numbers, technical details, etc. Because of the wide range of models it cannot be the ultimate bible in 80 pages, but considering the price, it is

very well spent money. Your partner will hate you for buying it!

I red this book, very nice! I am author of Alfazioso, I am very happy that my book has been very appreciated in europe! I hope that the U.S Alfa's enthusiasts will be happy to read it. Arrivederci

Excellent pictures and decent read but Hodges clearly dislikes the duetto spider.
