# **Pagan Portals - The Awen Alone: Walking The Path Of The Solitary Druid**

## Synopsis

Druidry is a wonderful, spiritually fulfilling life path. Through the magic that is Druidry, we build deep and abiding relationships with the natural world around us, and through our connection to the natural environment we walk a path of truth, honour and service. We aim to immerse ourselves in the present moment, in the present environment, in order to share in the blessing that is the cycle of life. Throughout the ages, people have withdrawn from the world in order to connect more fully with it. This book is an introductory guide for those who wish to walk the Druid path alone, for however long a time. It is about exploration and connection with the natural world, and finding our place within it. It covers the basics of Druidry and how, when applied to the everyday life, enriches it with a sense of beauty, magic and mystery. This book is for those people who feel called to seek their own path, to use their wit and intelligence, compassion and honour to create their own tradition within Druidry.

## Customer Reviews

THE AWEN ALONE was a really thoughtful little book about solitary druidism. I really enjoyed it. Perhaps what struck me most (besides the author's careful and elegant tone) was that she is committed not only to helping the environment, but other people. She encourages a conscientious lifestyle that I so rarely see in Pagan books these days (which are self-indulgent to the point of narcissism anymore). As an introduction piece, there is the expected chapters on both ritual and holy days that are part of every pagan book, but THE AWEN ALONE provides enough original, thoughtful material that the experienced pagan shouldn't mind. This was a great introduction to druidism, and it made me curious to explore the faith further. This was a truly successful entry into the Pagan Portal series, and I hope to read more from Joanna van der Hoeven in the future.

gift they love it

Great book. Lots of interesting info.

Great book!

Joanna van der Hoeven has taken what often is a relatively esoteric subject and made it completely accessible for the seeker. She captures your attention from the beginning, showing us a truly spiritual path. Thank you.

it is indeed a master piece of work. detailing in the path and practice of druidism. Suitable for those in solitary path and looking for meditation.

I bought this for a friend of mine and she LOVES it! It was exactly what she was looking for!

I'm sorry to give a negative review, but I had to struggle to finish this book, it started boring me and ended making me angry, it's also quite limited and doesn't actually says nothing about solitary druidry that I couldn't have gotten from any other druidry book. There is nothing here about solitary druidry, it's more a book about introduction to druidism and not a good one, you can find wonderful books about it here on this site easily. This writing is limited, suited for people in specific life situations like living in a weather similar to the UK, healthy people, preferably in less urban areas. The judgmental tone in some parts of the book really annoyed me, mentions about how we create drama in our lives, also something that reminds me of a limited buddhist worldview, being

attached to our thoughts and emotions is bad, living in the present is necessary (unlike what simple books say you should be careful with mindfulness), reality is not so bad so don't live in your head. It also focuses on blood ancestors too much and the way it deals with abuse made me angry, releasing blame is not my way. If the book gave me any ideas about solitary druidism I would have tried to give a better review but it said nothing that general books didn't tell me better.
