Customer Reviews

"Who would've guessed that a talking heart and a brain could give you lessons, laughs, and love instead of just nightmares and PTSD." — (Kris Wilson, Cyanide and Happiness) "My heart loves this strip, and my brain wishes I had thought of it first." — (Stephan Pastis, author of Timmy Failure and creator of Pearls Before Swine) "These viral comics are winning the internet." — (Sarah Kolkka, Elephant Journal) "This comic about our heart and brain is as inspiring as it is funny." — (Ally Hirschlag, Upworthy)

The Awkward Yeti was created by cartoonist Nick Seluk in late 2012, followed by the Heart and Brain spinoff in 2014. Nick pursued his lifelong dream of being a professional cartoonist after serving nine years in the corporate world as a graphic designer. In his childhood, he drew inspiration

from classics like Calvin and Hobbes, The Far Side, Garfield, and The Simpsons. Nick lives with his wife, three young kids, and a lovable, ornery old dog in the suburbs of Detroit. Heart and Brain, and a growing cast of organs can be found at theAwkwardYeti.com and on most social media sites.

Heart and Brain is magic. I love these comics and I am pretty sure this is exactly what my insides would say and do if they could. If you need a pick me up then pick this up. You won't be sorry to have a little bit of fun on your book shelf.

It's great. Maybe not the PUNCH of the first one, but some excellent comics all the same. If you don't own the first one, you should. It's seriously a masterpiece.

These are so cute and fun. I love them all. I adore the characters. This collection was cute but I don't think there was enough not released on the internet.

Awesome comic, this is the second one I'm buying, they're one of the top three web comics I enjoy. Good price, fast shipping, A+.

Fantastic, hilarious, and perfectly subversive--can't go wrong with this book, guaranteed you'll recognize yourself in the narrative. Highly recommended!

I had a GREAT laugh reading this book! It is so true to the human experience, presented in an honest, innocent, and comical way. Gall bladder is one of my favorite characters. In years past, my mom had severe medical problems caused by gall stones and bile stones. Somehow, this comic really lightened our memories of the times she was in the hospital. She really got a good laugh out of it.

My 8-year-old loves these! She's really into graphic novels and comic artists, and I enjoy finding ones that challenge her, introduce new vocabulary and social concepts, that isn't a lazy fat orange cat verbally abusing his owner and physically abusing the dog! I haven't seen any inappropriate content in these books, and I enjoy the interaction they motivate in my girl who usually prefers to be alone!

I got this for my 8 year old girl. we read the book together. I voice the brain, she voices the heart.

good times! Can't wait for more
